## **Northbound I-29/35 Traffic at Paseo Boulevard Shifts to New Pavement Saturday**

KANSAS CITY, Mo. – Motorists traveling northbound Interstate 29/35 near Paseo Boulevard will be shifted on to new pavement Saturday, August 28, 2010. Traffic had previously been placed head-to-head in this area. Construction of the off- and on-ramps connecting Paseo Boulevard to Interstate 29/35 will continue into the fall.

“Motorists have been extremely patient with us since construction began in April 2008. We’re pleased to provide noticeable improvements, including a smoother ride, as the project progresses,” said kcICON Project Director Brian Kidwell. “Paseo Corridor Constructors’ crews continue to work hard to meet or beat the projected completion date of July 2011.”

All construction activities are weather dependent and subject to change. Updated lane closure information can be found on the project’s Web site at [www.kcicon.com](http://www.kcicon.com) or by calling the information hotline at 816-841-8888.
